SURVIVAL SYSTEMS

ELITE  
SURVIVAL SYSTEMS  
ELITESURVIVAL.COM

Assault Systems®, established in 1979, was the first company ever to produce holsters and weapons cases from nylon. Assault Systems developed a legacy of standards in manufacturing and product quality that are unmatched.

Today, Elite Survival Systems® honors that heritage by standing by the famous lifetime guarantee and continuing to produce many of its products in the USA.

Elite Survival Systems® has become known as a manufacturer of some of the most inventive, highest quality, and best respected nylon lines in the shooting industry.

Your genuine Elite Survival Systems® gear never quits — guaranteed. Real hardware requires real kit. So what are you waiting for?

Don't just *SURVIVE*... *THRIVE*....

### ***IWB Belt-Clip Holster***

The Elite Survival Systems Belt-Clip Holster is a versatile and durable concealment solution for IWB (inside-the-waistband) carry. Its multi-layer, quilted nylon construction is exceptionally tough, lightweight, and low-profile. The removable clip and ambidextrous design allow you to use both strong-side and cross-draw styles regardless of hand orientation. Plus, our Belt-Clip Holsters are available in a wide range of sizes to fit nearly any handgun, making it one of our most popular concealment items.

- »» Constructed of outstandingly durable layered and quilted ballistic nylon with reinforced seams
- »» Inside the waistband (IWB) carry for utmost concealment
- »» Sturdy spring-steel clip fits belts up to 2.25"
- »» Ambidextrous, multiple carry-style design
- »» Includes a reversible, removable thumb-break snap retention strap
- »» Reinforced holster mouth to ease re-holstering
- »» Available in 18 sizes to fit most popular pistols and revolvers, see holster selection guide page 74

- » Velcro loop panel for attaching patches
- » Eyewear pouch with soft lining
- » Admin pocket with organizational pockets on top for ease of access
- » Adjustable tie-down straps on bottom for carrying a sleeping bag, etc.
- » Substantial backpack straps with mesh lining and adjustable sternum strap
- » Padded, vented back panel with a heavy-duty stay platform for added support
- » Padded waist straps have a zippered pocket, MOLLE slots for attaching pouches, and can be tucked away when not required
- » Large, main compartment
  - » Opens completely exposing contents of entire compartment for easy loading/unloading as well as maximum visibility
  - » Dual wing flaps on inside of front flap are secured with compression straps and unfold to display contents of multiple accessory pockets
  - » Seven zippered mesh pockets provide maximum organization and visibility
  - » Two quick-access slide pockets
  - » Three magazine/accessory pockets with Velcro closure hold one magazine each
  - » Entire back and sides of compartment are lined with PALS webbing for attaching MOLLE pouches
- » Side pockets are specially shaped for ease of access, and contain an internal mesh pouch for added organization
- » Laptop/reservoir compartment can be accessed from the main compartment, or from the exterior back panel without disturbing contents in the main compartment, includes tube routing

**\$224.95**  **22" x 12" x 9"** Weight: 5 lbs

## 7710 Mission Pack

This massive 3-day pack has two cavernous main compartments with plenty of internal partitions to keep and organize all of your gear. Numerous external pockets give you more than enough space for all of your smaller, quick-access items. And if that just isn't enough, you can use the external MOLLE webbing to attach any compatible accessories directly to the pack. When you're on the move, ergo-padding and load-adjusting straps ensure you'll never need to sacrifice comfort for capacity. So, go ahead. Load 'er up. Because you know that our quality standards demand that the Mission Pack withstand whatever you can throw at it.

- » Ultra-tough 1000 denier nylon body, heavy-duty zippers and hardware
- » Laser-cut MOLLE slots for accessory pouch attachment
- » Hydration pouch with reinforced rubber port (reservoir optional\*)
- » Large primary compartment w/hydration sleeve and zipper flat pocket
- » Spacious secondary compartment with mesh zipper pocket, kangaroo pouch, key clip and velcro tie-down strap
- » Pass-through tuck pocket for jackets, etc.
- » External zipper document/map pockets
- » Compression straps for securing heavy loads or oversize gear
- » Built-in rain cover stows away in zipper pocket at base of pack
- » Vented, padded foam segments on back for comfort and support
- » Adjustable, ergonomic padded shoulder straps with d-rings for routing hydration system and gear
- » Adjustable, quick-release sternum support strap with emergency whistle
- » Removable waist straps with zipper side pockets.
- » Reinforced, non-slip molded carry handle, nylon drag handles at base
- » Available in Black, Olive Drab, and Coyote Tan

**\$179.95**  **22" x 12" x 10"** Weight: 3.75 lbs

**CO Shooter's Belt**

The CO Shooter's Belt is made from the toughest materials available, incorporating 1.5" nylon scuba webbing, a structured inner core, reinforced stitching, and featuring a COBRA® quick-release buckle by AustriAlpin. COBRA® buckles are the safest, most finely crafted, and strongest load bearing buckles on the market, making them a perfect addition to this hard-use gear belt. These high-quality materials, combined with unrivaled American craftsmanship, make the CO Shooter's Belt an ideal platform for any gear rig. Buckle up...

- »» Ultra-tough, double-layered 1.5" nylon scuba webbing
- »» Structured inner core prevents bunching/twisting and provides sturdy platform for holsters and accessory pouches
- »» Velcro adjustable for the perfect fit
- »» COBRA® quick-release buckle exceeds Mil-Spec guidelines for dust/sand/salt water and is made of aluminum alloy with solid brass and stainless steel internals
- »» Available in four sizes in Black, Coyote Tan, and Wolf Gray

## Modular Vest Panel System

The Modular Vest Panel System allows you to choose from an array of options, offering more load-out customization than ever. By incorporating interchangeable panels, the MVP system lets you create the perfect vest layout for your operational needs. Choose from one of our stock models or select a left panel, right panel, and back panel to create your own kit.

- » Panels interchange to allow for total customization
- » Non-slip shooting surface on shoulder of each panel
- » Heavy-duty YKK zippers with quick-release buckles for added security
- » Fully adjustable in height and girth
- » Constructed of 1000 denier nylon and durable, breathable nylon mesh
- » Front panels include interior document pockets for maps, etc.
- » Hydration sleeve in back panel holds reservoirs up to 3L
- » Interior drag handle allows easy transport while fully loaded
- » Belt loops attach via snaps and velcro
- » Heavy-duty hardware and nylon webbing
- » Available in Black and Coyote Tan
- » Visit us online for the latest configurations and panel options.

## MVP Panels

Create your own kit or add flexibility to your existing vest with individual MVP panels.

- » Panels attach / adjust at shoulders and waist via velcro and heavy-duty webbing straps
- » Standardized zippers and quick-release buckles ensure all MVP front panels are compatible
- » Swap between load-outs easily with minimal downtime
- » When your operational needs change, you can acquire a single panel instead of an entire vest

## Assembly

Attach each front panel to back panel via velcro and webbing straps at shoulders. Adjust for user height.

With front panels fully zipped, attach vest sides via velcro and webbing straps as shown. Adjust for a snug fit to avoid shifting of vest contents.

### Range Roller

The Elite Survival Systems Range Roller goes beyond other bags in its class by providing logical functionality while giving all of the organization, modularity, and room you need to make the most of your range time or shooting trip.

- » Constructed of 1000 denier and Ballistic nylon
- » Heavy-duty zippers and hardware
- » Solid base with heavy-duty internal structure and wheels
- » Large primary compartment offers excellent organization by way of modular divider attachment system
- » Two identical pockets on either side of the primary compartment contain modular dividers and can hold up to eight pistols in all
- » Full-length exterior pocket lies flat to double as a mat and contains:
  - » Six fixed pistol magazine pouches with velcro closure
  - » Large accessory pouch with velcro closure
  - » Two velcro-attach mesh accessory pouches
  - » One additional velcro attach pouch
- » Two additional exterior pockets utilize 180° corner-to-corner zippers to prevent accidental spilling of contents
- » Three systems of carry:
  - » Heavy-duty, retractable, wide-grip rolling handle
  - » Reinforced top handle and molded hardware handle on bottom
  - » Wrap-around handles join in front
- » Available in Black/Gray

### LOADOUT™ Range Bag

Range counter or not, the Loadout is ready to bring everything to the field.

- » 1050 denier nylon construction for maximum durability
- » Closed-cell foam padding provides superior protection for your gear
- » Laser-cut MOLLE slots on front and end pockets allow for attachment of accessory pouches
- » Wrap-around handles with Velcro handle-wrap closure
- » Luggage rails on bottom of bag protect contents from harsh, uneven surfaces, keeps base of bag clean, and adds structure
- » Removable dump pouch attaches to belt and MOLLE platform
- » Exterior water bottle pocket
- » Large, fully-padded front pocket includes the following removable Velcro pouches:
  - » Mag pouch holds a minimum of 8 magazines
  - » Eyewear pouch
  - » Mesh parts pouch with Velcro flap
- » Side pocket contains removable AR mag pouch which holds 2-4 magazines
- » Large main compartment holds at least four guns plus accessories, and has the following features:
  - » Fully-padded lid opens fully down the back of the bag for complete visibility and access to the main compartment. The lid doubles as a gun mat and has a mesh document pocket
  - » Lift-out insert has an adjustable divider and plenty of room for ammo and accessories
  - » Pull-out pistol pouch includes a padded divider, holds at least two handguns, and is held in place with hook and loop
  - » Interior handgun compartments on ends of bag are large enough to hold a full-sized handgun in each
- » Available in black and coyote tan

ARC

Assault Rifle Cases

The original Assault Systems® Rifle Case was introduced in 1979 and quickly became the flagship product of the Assault Systems® line. We've made a few minor improvements over the years, but our rubric remains unchanged. The ARC still combines quality materials, unrivaled American craftsmanship, and intuitive design to form one of the toughest cases on the market. Assault Systems® cases have been known to endure decades of hard use. They're anything but soft.

- » Ultra-tough 1000 denier nylon shell with 1" internal foam padding
- » Heavy-duty zippers and hardware
- » External mag pouches with velcro flap closure
- » Internal padded zipper flap runs along full length of zipper
- » Includes 2" padded shoulder strap
- » Available in Black, Coyote Tan, and select sizes in Multicam

## ESM

### Epsilon™ Shooting Mat

The Epsilon™ Shooting Mat features a foldable center piece with four modular wing inserts. This allows you to create your own custom layouts to use during prone shooting practice, competition shooting, or operational positioning. The foldable wings also allow the mat to collapse, forming a convenient, self-contained carrying case. Velcro and MOLLE panels allow for further customization while zippered pockets provide space for magazines and other accessories. Finally, there's more than one reason to bring your shooting mat...

- » Ultra-tough 1000 denier nylon body with heavy duty zippers and hardware
- » Wrap-around handle and four quick-release buckles secure collapsed form
- » ToughTek™ non-slip surface for stable shooting in various conditions
- » Velcro loop panels hold compatible accessory pouches
- » MOLLE webbing for accessory attachment
- » Zippered accessory pocket
- » Zippered front pocket (24" x 8" x 2")
- » Covered D-rings allow attachment of backpack or shoulder straps
- » Padded with closed-cell foam
- » Available in Black and Coyote Tan

**\$229.95**

36" x 14" x 3"

72" x 42" expanded

### M4 Roller

This ultra-heavy-duty rolling gear bag was travel-tested around the world for more than a year during development. We wanted to ensure the M4 Roller could endure harsh, sustained punishment and keep on rolling. Designed to meet the demands of metropolitan police and globe-trekkers alike, this enormous carry-all holds two M4 rifles plus a massive amount of gear.

- » Heavy-duty 1000 denier nylon w/TPE water resistant backing
- » Retractable handle with stow-away zippered compartment
- » Solid base with three heavy-duty casters
- » Structured walls and lid prevent bag collapse, allows bags to be stacked
- » Two padded, zippered compartments along bag walls hold rifles in the upright and ready position
- » Extra-large primary compartment with velcro lining
- » Modular internal partitions for organizing gear
- » Two large external compartments with internal velcro and MOLLE panels
- » One smaller zippered compartment near handle for quick-access
- » Multiple velcro loop panels for attaching ID patches
- » Includes removable velcro mag pouch (six .223 mags) w/ shoulder strap
- » Three heavy-load compression straps
- » Wrap-around handles on top, carry handles on both sides
- » Two transparent document sleeves on lid
- » Available in Black

### Deluxe Garment Bag

Our proprietary design hasn't changed much since 1985 because it is still at the top of its class. These garment bags are carried by law enforcement agents worldwide, and they have even been known to hang in Air Force One.

- » Ultra-tough ballistic nylon body, heavy-duty zippers and metal hardware
- » Smooth nylon inner lining helps prevent wrinkles
- » Internal metal frame prevents unwanted collapse along the bag's spine
- » Built-in heavy-duty metal hanging hook
- » Seam-to-seam zipper allows the bag to open flat for easy packing
- » Three external zippered pockets
- » Folds at center and secures via dual quick-release buckles
- » Low-profile zipper pulls reduce airline damage
- » Includes 2" padded shoulder strap with anti-twist swivel hook hardware
- » Available in Black

**\$259.95**

25" x 13" x 7" folded

## RECON® GEN II Sleeping Bags

Designed with input from active military personnel, Recon® sleeping bags have been at the forefront of technological innovation since 1998. These mummy bags are engineered to be lightweight, compact, and durable enough to withstand hard use during deployment. The Recon® Gen II is available in four temperature ratings to fit a wide range of climates and scenarios.

- » Teflon® coating reduces stains and offers a degree of water resistance on the outer shell
- » Outer top shell made from 210T Ripstop Nylon with a Teflon® finish
- » Outer bottom shell made from 210D Nylon Oxford with PU2000mm waterproof finish
- » Inner shell made from 210T Ripstop Nylon
- » Insulation incorporates an ultra-thin barrier of anti-bacterial pure silver micro fibre which also increases heat retention
- » Flat filled insulation prevents cold spots
- » Internal baffle foot is reinforced with 210D Nylon Oxford and PU2000mm waterproof finish to limit damage from boots
- » Central zipper with storm flap
- » PDA pocket inside
- » Internal and external hanging tabs
- » Bonded seams
- » Anti-snap zip with Velcro tab closure
- » Draw cord and barrel lock in hood
- » Shaped hood for extra comfort
- » ISO 9001:2000 compliant
- » Includes 210D Nylon Oxford spider compression sack
- » Unpacked dimensions: 87" length, 33" at shoulders, 22" at feet
- » Available in Black, Coyote Tan, and Olive Drab

### RECON® 2 GEN II

2.5 lbs

12" x 7" x 7"

80g/m² Dupont® Thermolite™ Micro insulation  
Designed for operations in 41° Fahrenheit  
(5° C)

\$149.95

### RECON® 3 GEN II

3 lbs

12.5" x 7.5" x 7.5"

100g/m² Dupont® Thermolite™ Micro insulation  
Designed for operations in 23° Fahrenheit  
(-5° C)

\$189.95

### RECON® 4 GEN II

3.2 lbs

13" x 8" x 8"

200g/m² Dupont® Thermolite™ Micro insulation  
Designed for operations in 14° Fahrenheit  
(-10° C)

\$209.95

### RECON® 5 GEN II

4.3 lbs

15" x 10" x 10"

300g/m² Dupont® Thermolite™ Micro insulation  
Designed for operations in -4° Fahrenheit  
(-20° C)

\$239.95

## RECON® GEN II Bivy Covers

A military-designed, top entry bivy bag in an extra large size – designed for fast entry and exit with maximum space for you and your equipment.

- » Constructed of Mil - Proof® 3 layer waterproof fabric, developed by Kit Bag of Australia
- » Inner shell made from 210T Ripstop Nylon
- » 100% waterproof and breathable
- » Special additional protective fabric coating increases the bivy's stain and body fluid resistant properties
- » 94.5" x 39"
- » Packs down to 11" x 5.5"
- » Fully enclosed
- » Built in mosquito net – can be zipped up or down
- » Weight – 2.65 lbs (with stuff sack)
- » Channels at each end for bivy poles (available separately)
- » Tabs all around perimeter for securing bivy
- » Includes a stuff sack
- » Heavy-duty waterproof zipper closure
- » Available in Olive Drab. Other colors upon request
